Subject: Relatives.

Message: Dear sir. I believe that some of my families distant relatives may have settled in the Clarborough area, and I am trying to get in touch with any relatives of a MR James Kay my grandfather who passed away in Woodsetts in 1918. My Father was Mr Oswald Kay one of James's sons and passed away 1990. Through your letters page I was wondering if you could appeal for any such information as may be available. James had a number of brothers who lived at Woodsetts in their childhood. I would be greatfull for any assistance you could offer. My home address is:- 21 Carlton Road. Chesterfield. Derbyshire. S40 2JQ.

Further input received from Stuart:

My grandparents on my fathers side whom I never knew as I was only one year old when grandmar died and my dad was only ten years old when his dad passed away in 1918. From the census records my grandfather had a number of brothers and sisters and I suspect that many of them may have stayed in the district over the years, a brother by the name of Thomas Kay was often spoken of when I went to see my aunts and uncles in Woodsetts in bygone years. What I was originally looking for was the colliery that my grandfather worked at prior to his death, as he was shown as a hewer on the census record and in those days it must have been a local colliery as transport wasn't as we know it today. I would be only to pleased to meet up with any distant relatives should the line not have died out.

Many thanks for your efforts.

Stuart Kay
