

CCT Wildlife Watch – August 2025

We start with a couple of images sent by Simon Edge.

A Swedish Blue duck above and a Swan having a small snack below.

Margaret Edge sent us the Female Mallard doing a balancing act above and the family photo of the Turnerwood Swans below.

Margaret also saw this Goat Rue.

All the rest of the photos were submitted by Jan Warsop.

The Elephant Hawk Moth caterpillar above was seen on Python at Thorne.

This Mint Moth was at Clayworth.

The Brown Shield Bug was at Wiseton.

This Pellucid Hoverfly above was near Wiseton, the Common Blue Butterfly below was at Clayworth.

The Keeled Skimmer Dragonfly above was at Clayworth, as was the Banded Damoiselle below.
