### **Great Day at the Country Market on Retford Market Square**

On Sunday 24<sup>th</sup> May 2026, the sun shone brightly, and from 10am to 4pm, Little Hummingbird Events produced its first Country Market in Retford on the Market Square.

There were 43 stalls, from across Nottinghamshire, Lincolnshire and Yorkshire, and all stallholders agree it was a fabulous day. Shopkeepers and hospitality venues around the square and the north end of Carolgate were delighted that the Country Market had attracted so many people to their stores, with many shopkeepers recording their highest sales for a Sunday.

Many members of the public expressed their appreciation and asked about when the next Country Market would be brought to the Market Square - there are currently no plans to repeat the market.
